Sensational Charges Aired by George Davies, Opera
Singer, Against Captain Zeitun, Former
Confidential Secretary of Wealthy Woman

LIBERTY, Mo. — (By Associated Press) — The half
million dollar estate of Mrs. Julia Woods Davies, of Kansas
City, who died in December, 1922, was at stake in circuit
court here today with attorneys for George Westlain Davies,
opera singer, of St. Louis, contesting a will under which
Mrs. Davies cut off her husband and left the bulk of her
wealth to Captain Harry Zeitun of London.
Zeitun who is said to be an interpreter in the Bow-st
police court in London, was em-
ployed by Mrs. Davies as a con-
fidential secretary. He is repre-
sented here by counsel.
Sensational charges as to the
influence wielded by Zeitun over
Mrs. Davies were made yesterday
by James S. Simrall, local attor-
ney, in laying the groundwork of
the opera singer-husband's case.
SENSATIONAL CHARGES
Simrall charged in his opening
statement that Zeitun "intruded"
into the Davies household while
Davies and his wife were living in
Rome, lured Mrs. Davies to Lon-
don where he secreted her and by
encouraging her in the use of
drugs and liquor coerced her into
drawing a will in his favor.
He also charged that Zeitun had
plotted the death of Davies.
"Zeitun threatened Mrs. Davies
with death and told her if she ever
failed to love him he would send
her to the gallows," he said.

was charged with the killing of
Robert Halloran at Lima in Sept.
1922.
Verdict was returned by the
jury about 12:30 p. m. They
had notified the court at 11 a. m.
that they had reached a decision

Prosecutor E. T. Lipincott, at
Lima, was notified and Hines was

the call was made Hines was on

Hines was visibly affected
when the decision of the jury was

head was bowed and he studied the
carpet at his feet. His attorneys
announced that efforts will be
made for a new trial and if that
fails, the case will be appealed.
GOOD TREATMENT
Hines, who has been at liberty

TEN REASONS WHY YOU SHOULD PREFER A CHEVROLET

1 Chevrolet is modern in appearance. All models are of stream-line design, and fine, durable finish. Closed models have genuine Fisher Bodies.

2 Chevrolet is modern in construction. It has standard sliding gear transmission, Remmy electrical equipment, modern cooling system, suction fuel feed with tank at rear, demountable rim, safe steering mechanism—in fact all essential engineering improvements found in the highest priced cars.

3 Chevrolet is fully equipped as sold. We quote prices on complete cars only. Chevrolet is all there, ready for use as soon as you put on your license plates. Compare the fully equipped Chevrolet with other cars, plus their missing equipment, and satisfy yourself which costs less.

4 CHEVROLET transportation averages less cost per mile than that of any other car at any price. This cost includes the list price of car, insurance, operation, maintenance, annual depreciation and interest on your investment. Why pay more per mile for lower quality?

5 Chevrolet has the most powerful motor of any low priced car. Its supremacy for hill climbing and hard going is well known. Where there are most hills there are most Chevrolets. Why drive a slow car and hold up the line when it costs less to be a leader?

6 Chevrolet yields solid comfort in riding. This is due to its long wheel base, correct body suspension on extra strong and resilient vanadium steel springs, well-sprung and padded upholstery, deep seats with ample leg room, and correctly inclined backs. The double ventilating windshield and cool motor make driving a pleasure instead of a discomfort.

7 Chevrolet service costs are low because so few hours per year are needed in service stations. Chevrolets are built to stay together, and do not require you to be always near a service station. When adjustments or repairs are needed the

Chevrolet Flat Rate System keeps the cost down to the minimum.

8 Chevrolet is a quality car. You are proud to tell of your ownership of a Chevrolet. Your Chevrolet tells the world that you appreciate modern quality and are a good judge of values.

9 Chevrolet is built for safety. It steers firmly and easily and the steering gear will not lock itself. It holds to the road even at high speed on gravel. Its braking power is ample. It is easy to handle and accelerates so quickly it enables you to get out of a bad position promptly. It is one of the few cars granted Class A rating by insurance underwriters.

10 Chevrolet is easy to buy and easy to trade. In buying a home, you always consider what you could get for it if you ever wanted to move. Be sure the car you buy has a good trade-in value, so when the time arrives to get a new one, you can make a good deal. Chevrolet's trade-in value is high because of the big demand for this well-built, long-lived automobile.

JURDY ATHLETES SAIL MONDAY IN QUEST OF GLORY

AMERICAN OLYMPIC TEAM CHOSEN TODAY

(By Frank Getty) — The clasp to Olympic glory stretches ahead for some four weeks. Uncle Sam's greatest athletes Saturday. American team which will sail for Paris aboard the American on Monday will be selected tonight. Upon the results of the trials this afternoon depends each athlete's chance of winning the coveted starry shield. Yesterday's trials showed there was more than talent to go around. The east has the largest representation in the trials, but the middle west and Pacific regions are not far behind.

Roush Made A Timely Hit For Reds

The game between the Cincinnati Reds and the Giants perhaps lacked the spectacular features of the Detroit-Yankees game Friday, but it is certain that it had far more disastrous results for the Reds. Roush, who was the most dangerous of the former Reds, had to be removed from the game after he had hit two home runs in the first inning. A bad day was completed for the Reds when they lost to St. Louis 8 to 4, and dropped to within one point of the Reds in fourth place.

Wayland Dean, impressive recruit of the early season, failed again as the Reds fell upon him for three runs in the 10th after he had relieved Watson who had engaged in a duel with Rixey until the eighth when he was removed for a pinch hitter. Gowdy's run was the only run scored off the Red southpaw who pitched brilliantly.

KANSAS A CONTENDER FOR TITLE
By HENRY L. FARRELL
NEW YORK.—(United Press)—Benny Leonard laments the lack of lightweight opponents that may force him to graduate into the welterweight class. The champion's plea for sympathy is endorsed by leading promoters who want to employ Leonard, but can't find a job for him.

There has been talk for more than a year about the necessity of building up some good lightweight challenger for an outdoor bout. Tex Rickard tried to hustle Louis Vicentini into the role, but he was stopped temporarily when he lost a decision to Johnny Senguer, a Tex Moran. The New Orleans boxer measured up to the specifications of a candidate for a while, until he was beaten by the veteran Johnny Dundee.

Dundee claims that he is entitled to the first crack at Leonard, but his first duty is to defend his featherweight and junior lightweight titles. In the general scramble it seems that Rocky Kansas, the little Buffalo Italian, has been overlooked.

Kansas, perhaps, has a more legitimate claim for another chance at the title than any other contender in the class. It is certain that his record makes him more qualified than any other contender who has to be "built up" into a card.

Kansas has built himself up by beating practically every man in the class, with the exception of Leonard. His best known loss in recent years was that of a built-up wrecker. When Willie Jackson was worked almost up to a fight with Leonard, two years ago, Kansas beat him and spoiled the plans.

When Tendler worked up into the dominating position among the contenders, Kansas beat him and set him back and when Charley White had been advanced within a step of a title bout, Kansas beat him and set him back and when Charley White had been advanced within a step of a title bout, Kansas beat him and removed him almost entirely from consideration.

Kansas knocked out Richie Mitchell when he was in his prime, and he beat Sailor Friedman and every other lightweight of importance in the class. In his Benton Harbor fight with Leonard, he broke his arm in the third round, but he continued five rounds before his manager, Dan Rogers tossed in the towel and made him stop.

Just recently he had Jack Bernstein on the floor and badly beaten when he hurt his arm and, even with that handicap, he earned a draw. Granting that Leonard is truthful when he says he can still make the weight, Kansas is the only legitimate lightweight among the established contenders. He has always been a recognized lightweight.

Jack Zivic and Sammy Mandell, of course, are legitimate lightweights, but they are not yet ready for the title. In another year they will be real rivals for Leonard, but they haven't the claim to a championship fight now that Kansas possesses.

Kansas intends to challenge Leonard thru the New York Boxing Commission, and it seems that his claim should be recognized. He tried last summer to get a shot with Leonard, but his challenge and his forfeit was returned by the commission because there was a previous one on file.

He sought Mickey O'Neill of the Braves and "Butch" Henline of the Phillies, offering Milton Stock as his bait. Naturally Dave Bancroft refused to part with O'Neill and Fletcher refused to consider any trade proposition for Henline.

What was next? All of Rickey's friends advised him to dicker for Gonzales, and the Superbas, who had bought the Cuban during the winter from the Cincinnati Reds for \$10,000, grabbed the bait.

Thus, Gonzales returned to the manager who had cast him aside five years ago. And Rickey now says that there isn't a catcher in either big league who is more valuable than Gonzales.

Rickey ought to know as he was a catcher when he was a young star in the American League almost 20 years ago.

A VERITABLE BATTLE FOUGHT ON BALLFIELD

NEW YORK.—(By Associated Press)—Baseball histories of the future will say that the battle of Detroit was fought on Friday the thirteenth. Its approximate cause will be traced to a recent skirmish in the Yankee Stadium and its ultimate effect on the major league war of 1924, will be written after the case is tried before Judge Landis.

Bob Meusel, Yankee outfielder, fired the shot heard round the baseball world upon pitcher Cole after the Tiger hurler hit him fifth a pitched ball in the ninth inning when New York was leading 10 to 6.

Coming after three days of bitter play during which Yankee players were convinced that Cobb's pitchers were working under orders to "dust them off" in the pincches, Meusel's effort, the wild, incited a riot among players, spectators and police which ended with a forfeiture to New York. Umpire Evans declaring the score to be 9 to 0.

After the battle the world's champions remained tied for first place with the Red Sox who defeated Cleveland 8 to 2. Washington jumped back into the first division by beating the Browns, 6 to 4. The Athletics won a 7 to 6 battle from the White Sox.

DETROIT.—Navy Field will be crowded Saturday, official predict, for Detroit's fourth and last game of the series with New York. A rush for ticket reservations followed the altercation between Yankee and Tiger players Friday which culminated in the crowd surging onto the field and Umpire Evans declaring the game forfeited to New York 9 to 0 at the start of the ninth inning.

Trouble started in the first of the ninth, when Right Fielder Meusel was hit by a pitched ball and rushed toward pitcher Cole, charging him with intentionally hitting him. Babe Ruth who narrowly missed being hit in a previous inning supported Meusel's contention which was vigorously denied by Manager Cobb.

Order was restored but only for a brief period. Meusel and Bush went to the Detroit dugout and an argument started which brought a rush of fans to the playing field. When police found it impossible to clear the field, Umpire Evans declared the game was forfeited.

During the melee, spectators among only one blow was struck, that one by a policeman. The policeman was immediately ordered off the field by the officer in charge.

How many members of both teams will be out of the lineup with suspensions as a result of Friday's contretemps will not be known until Umpire Evans makes his report and Ben Johnson, president of the American League, announces his action.

Fans who gathered on the field not only caused the forfeiture of the game but got several gloves belonging to Yankee and Tiger players, the members of the teams claim. Among those taken was one belonging to Babe Ruth who has offered a reward of \$50 for its return.

CLEVELAND.—Uhlir weakened in the eighth inning today and Boston defeated Cleveland 8 to 6. Uhlir then Uhlir had outpitched Ehmske, Vach and J. Sewell made home runs.

CRESSY OUT FOR PART OF SPOILS

The convention's over and Will Cressy is out for a part of the spoils. He is a Republican leader and is now in New York City. He is a member of the National Committee and is a member of the National Committee.

BY WILL M. CRESSY

Well, the convention is over. Now to figure out the debt and credit and strike a balance. "To the victors belong the spoils" and to the victors belongs what is spoils.

I cannot tell yet just which category I am coming under. But I know I am going to get something in recognition of the great work I have been doing for our party. It has not actually been promised to me, but I have been approached. In fact I have been approached twice during the past week. Being a prohibitionist (besides being well supplied) I could not listen to the first proposition. But when they come to you with tears in their eyes and beg you to accept some political office—oh yes, some "political sinecure"—well, that is different.

Only I can not think of which particular political "sin" I want to "cure." At first I thought I would be secretary of the treasury. That ought to be a popular position. But I don't know. With the passing of the bonus bill, the proposed financing of all the cropless farmers out west, a \$60,000,000 increase in the annual mail deficit, the financing of

Muscle Shoals, the reduction of the surtaxes, government control of the railroads, mines, shipping and all the other non-paying businesses in the country, I am afraid my public life would be too much like my private life to be interesting.

Then I considered the position of secretary of agriculture. Being, as I am, the proud but poor possessor, and sole operator of two condensed farms, one in New Hampshire and one in Florida, I am peculiarly fitted for this position. All the secretary has to do, anyway, is to send out seeds in the spring and excuses in the fall. And I have a line of excuses for

non-production that nobody can beat.

Why, I could plant dogwood and have it come up as saunas. But the crop that is a cinch for me is lemons. Some years everything comes out lemons.

Then I thought for a while I would be a slouch. No, that is not it! A slouch—no! A slouch! One of those Burns men, who goes around detecting crime. But there have been so many crimes detected lately that there cannot be many left.

I think I will stop off at Washington on my way to the Democratic convention and see what they have to offer.

WOMEN OUTNUMBER MEN IN OLD BABUYAN LANDS

MANILA—The recent earthquakes and volcanic eruptions in the Babuyan Islands have brought forth statements from mariners who recently have been in that region, that a large portion of the population is composed of women. It is said this situation is due to the fact that so many of the men have lost their lives at sea.

The male population of the islands engage almost entirely in fishing as a means of livelihood, and the frequent typhoons which sweep over that region play havoc with their frail fishing craft. It is stated that on one island of about 200, there are 15 women to one man.

The constabulary of Cagayan province have been ordered to ascertain the condition of the people of the Babuyans, and to furnish them supplies.

"DANCER'S HEART"

LONDON—One of the most fashionable complaints of the moment is "dancer's heart," according to advice from medical writers the courses of meals, is having an effect on the most energetic. A visit to the doctor produces the advice: "You have dancer's heart. You are suffering from overstrain. There is only one thing to do, rest for months, and no more dancing for months."

OIL PRICES CUT

PITTSBURGH—Pennsylvania crude oil was reduced 50 cents a barrel Saturday, making the price in the Bradford district \$3.25 and outside Bradford \$3.25. All other eastern grades except Corning and Ragland were cut 25 cents. Cabell was reduced to \$1.70 a barrel, Somerset medium to \$1.80 and Somerset Light to \$2.

"The token was received by Mrs. Davies, and she was made hysterical when it was received."

The will under dispute was made in London May 8, 1922, and Mrs. Davies died the following December.

Dr. R. L. Sulzbacher of Kansas City, testified that Mrs. Davies for six years prior to her death was a victim of liquor and narcotics and declared that during the whole period she was insane and incapable of making a contract.

It was brought out that Mrs. Davies entered into a contract under which Zeitun was to become her secretary at \$500 a month.

Frank A. McCarthy of St. Louis testified that he brought about a reconciliation between the Davies and declared Mrs. Davies asserted Zeitun influenced her against her husband.

DUCKS CARRY FISH EGGS TO INLAND RESERVOIRS

PITTSBURGH—A popular belief that fish are placed in reservoirs for purification purposes is substantiated by E. E. Lanpher, superintendent of the distribution division of the Pittsburgh water bureau.

"It is an old notion that fish serve to keep down bacteria in water," Lanpher said, "but our bacteriologist says this idea cannot be substantiated. On the other hand, fish do not harm."

"Altho many persons think the fish are put in the reservoirs to purify the water, they generally get into the water in the form of eggs that have lodged in the bills and feet of ducks."

The ducks pause on the surface of the water in their flights in the spring and fall and the eggs, which are washed off while the ducks are swimming, soon hatch out."

Party Attempting To Rescue Missionaries Seized

PEKING—(By Associated Press)—Rex Ray, an American captured by river pirates in Kwangsi province late last month has escaped from the mountain stronghold where he was taken, said advices received today from the commander of the American gunboat Pampanga, sent to Weichow in connection with the capture of Ray and others.

Ray was one of a party of four aboard a motorboat on the way to Kweilin to rescue missionaries believed to be in danger there because of fighting between Kwangsi and Kwangtung troops. The pirates blindfolded all four and took them to the mountain stronghold. Later, Ray, a Jew of Toronto and Dr. H. G. Miller, an American, were released to take the pirates' demand for a heavy ransom to the captives' friends.

Ray's escape leaves E. H. Carver, an Australian, and the wife member of the party still held for detention. Later, Ray, a Jew of Toronto and Dr. H. G. Miller, an American, were released to take the pirates' demand for a heavy ransom to the captives' friends.

The advices from the Pampanga were forwarded thru the American consul general at Canton.
